Proposed motion for Annual General Meeting to change the constitution

Two years ago we moved a motion to trial 2 meetings per year and at the upcoming AGM we will move a motion with a proposed wording change to formalise this practice in the constitution.

CURRENT:

5.1 Ordinary church meetings to consider the life and ministry of the church must be held at least three times each year.

5.2 Ordinary church meetings shall normally be called by a decision of the previous meeting. Additional meetings will be called if requested by a pastor, the leadership team, or one quarter of the membership of the church.

(THE ABOVE assumes that the AGM will form a fourth meeting in each year - though in practice many churches run it concurrent to one of the other scheduled meetings.)

PROPOSED:

5.1 Ordinary church meetings to consider the life and ministry of the church shall be held twice yearly.

[Usually one in February and one in August (in conjunction with the specified requirement of the AGM)]

5.2 Additional meetings will be called if requested by a pastor, the leadership team, or one quarter of the membership of the church.

➤ Ladies Night in August (Italian) is cancelled.

You are invited to the dinner below on Sat 21.
